ROOF TOP TENT | FOLDABLE SOFT SHELL

KANAB OUTDOOR SHELTER SYSTEMS / TECHNICAL & COMMERCIAL PRODUCT SHEET

PRODUCT OVERVIEW

The **TUWA PRO® Kanab Roof Top Tent** combines all-season weather protection, durable construction, compact storage and elevated camping comfort for overlanding and adventure travel.

Its foldable configuration features a protective black PVC cover, a weather-resistant polyester canopy and aluminum-alloy structural components. The tent measures **110 × 130 × 28 cm folded** and **220 × 130 × 120 cm unfolded**.

Designed for changing outdoor conditions, the product is specified with **3000 mm waterproof protection, Level 6–7 wind resistance, 99.99% UV protection** and snow-resistant construction. Mesh windows, zippered privacy panels, storage pockets and a telescopic aluminum ladder support comfortable use.

KEY FEATURES

- **Four-season shelter:** Protection for changing outdoor conditions
- **Weather protection:** 3000 mm waterproof rating; Level 6–7 wind resistance
- **UV & snow resistance:** 99.99% UV protection; snow-resistant construction
- **Foldable design:** Compact travel dimensions with protective black PVC cover
- **Durable structure:** Aircraft-grade aluminum alloy structural components
- **Ventilation & privacy:** Mesh wall windows and zippered privacy panels
- **Convenient storage:** Internal and external pockets for small essentials
- **Elevated access:** Heavy-duty telescopic aluminum ladder

• **Vehicle integration:** For compatible vehicle roof and rack systems
